It is also the general agent of Zuisanqiu series liquor in Hefei. In 2016, its turnover reached one hundred million RMB.	Trade cooperation
14	<b>Anhui Yingjie Precise Technic Machinery Co., Ltd.</b>	Precise Technic Machinery	Anhui Yingjie Precise Technic Machinery Co., Ltd., established in 1990, mainly produces components and parts of automotive brakes and electrical cable machines. It covers an area of 37.5 mu (a unit of area, which is equal to 0.0667 hectares), with 120 staff members and fixed assets of 46 million RMB. It possesses such mechanical processing capacities of CNC turning, boring, milling, planing, grinding, cold heading, hot forging, high frequency quenching, reaching	Learning and cooperation on precise technic machineries

			annual production capacity of 40 million RMB.	
15	<b>Anhui Zhensheng Security Group</b>	Security services, security protection engineering, property management	The Group possesses Anhui Zhensheng Security Service Co., Ltd., Hefei Zhenhong Property Management Co., Ltd, Anhui Zhenbao Security Protection Technology Co., LTD., Anhui Yunjie Environmental Protection Technology Co., Ltd., Hefei Yuyou Trade Co., Ltd. and over ten branches in other cities. Its business involves security services, security & protection engineering, property management, intelligence fire control, environmental protection and other fields. Anhui Yunjie Environmental Protection Technology Co., Ltd is one of Hefei's key enterprises of attracting investment and introducing foreign knowledge. It is expertized in formaldehyde pollution solving indoors and on roads.	Security services
16	<b>Anhui Zhida Packing Co., Ltd.</b>	PE heat shrinkable film production and sales	The company, founded in April 2002, is located in Tongcheng City. It is specialized in research and development, production, sales and service of PE heat shrinkable film. It possesses a single, double and multi-layer co-extrusion blown molding machine, full-automatic cold sealing and slitting machine and etc. Zhida adopts American Dow manufacturing techniques with the usage of such packaging materials as Qatar FB3003, Yangba 1810D, Iran 2100TN00,2420D , such as, completing annual output of PE heat shrinkable film of 5000 tons and not less than 15 tons of daily production capacity. The products are convenient for cigarette packaging after eliminating static electricity and cooling technology processing.	PE heat shrinkable film

17	<b>Hefei Yuanze Intelligent Technology Co., Ltd.</b>	Monitoring, alarm, information construction and GPS engineering, residential building intelligence engineering	The company is mainly engaged in design, construction, installation and after-sales service work of bank monitoring, alarm, information construction and GPS engineering, building network, monitoring and alarm systems engineering, residential building intelligence engineering, designs city-lighting project, satellite TV and other engineering.	Monitoring, alarm, information construction, building intelligence engineering
18	<b>Tongcheng Longfeng Liquor Marketing Co., Ltd.</b>	Liquor and prepackaged food	The company, located in Tongcheng Gold Land Development Zone, was established in April 2010. It is the general agent of Xuanjiu Liquor in Tongcheng City and sells prepackaged food. Annual sales reach 20 million.	Liquor and prepackaged food
19	<b>Tongcheng Xingguang Plastics Industry Co., Ltd.</b>	Battery shells production	The company, located in Tongcheng, Anhui province, is specialized in producing battery cell jars and moulds of electric vehicles and motorbikes. It uses high quality materials combined with advanced injection molding process, making the products not only strong in toughness and bright and beautiful in appearance, but reasonable in price. Tongcheng Xingguang Plastics Industry Co., Ltd. mainly produces storage batteries, plastic battery shells, battery jars, electric vehicle battery shells, and etc.	Battery cell jars and moulds of electric vehicles
20	<b>Anhui Technical College of Mechanical and Electrical Engineering</b>	Mechanical Engineering and Electrical Engineering College	ATCMEE is one of the first national key colleges supported by the Ministry of Education and Ministry of Finance. There are 10 departments in ATCMEE, namely, the Department of Mechanical Engineering, the Department of Electrical Engineering Department, the Department of Informational Engineering, the Department of Numerical Control Engineering, the Department of Automobile Engineering, the Department of Humanities, the Department of Basic Courses, the Department of Ideological Education and the College of Further Education. Focusing on the mechanical and	To know about the ideas and thinking of famous mechanical electrical engineering enterprises in Europe

			<p>electronic industry, ATCMEE offers a range of 40 specialties. In recent years, ATCMEE has been working on over 200 academic research projects of all levels and has received 34 teaching and researching rewards. ATCMEE provides for excellent practicing and training facilities with the total value of more than CNY 130,000,000 yuan. There are 141 on-campus practicing centers and 225 off-campus practicing centers in all.</p>	
21	<b>Anhui Venus Prestressed Engineering Technology Co., Ltd.</b>	Prestressed anchorage	<p>The company was founded in September 2006, with registered capital of one hundred million RMB. The company is the only domestic state-owned enterprise in prestressed anchorage industry that has a military background. IT is mainly engaged in high bridge, big span concrete anchorage engineering and mine construction, slope and tunnel support engineering of the key technical product structure, prestressed anchorage and its associated products research and development, manufacturing, sales, and bridges and construction; Bridge engineering construction of prestressed cable tensioning construction engineering business, has been formed "four wheel drive, complementary advantages" development momentum.</p>	To learn from relevant companies

22	<b>Anhui Hengrui New Energy Co., Ltd.</b>	Photovoltaic power	The company is a high and new technology enterprise specializing in investment and operation of photovoltaic power station, as well as R&D, manufacture, marketing of solar energy PV products, mechanical and electrical products, micro grid device products, energy storage and solution of energy storage station, electric vehicle charging station R&D, production and sales and relevant PPP project operation. The Headquarters sites in the Centralized Demonstration Zone of Carrying on Industry Transfer of Lu'an City, Anhui Province. The company was listed at national SME share transfer system (new OTC market) in Jun, 2014. Stock code is 830807.	Investment
23	<b>Anhui Kaishan Compressed Air System Equipment Co., Ltd.</b>	Air compressor system	The company is the largest air compressor system supplier of Anhui province. It is Anhui's only vendor of "Kaishan KHE" high-end series of air compressors. There are a large number of the machine equipment and sufficient consumables reserves to provide service for users. Screw air compressors from 7.5 KW to 200 KW of all models are in stock.	Seeking opportunities of cooperation
24	<b>Anhui Zhichuang Precision Machine Co., Ltd.</b>	Numerically-controlled machine	The company is a high-tech enterprise of numerically-controlled machine tool manufacturing, integrating research and development, design, production and marketing. The company covers an area of 50 mu of which the standardization plant taking up more than 15000 square meters. Zhichuang possesses a professional production line, 48 sets of large-scale professional processing equipment, the total investment of which reaching 180 million RMB. From development of a single product at the beginning to the current numerically-controlled machines of three series (including eight varieties), its annual production capacity has been up to 1200 sets which are widely used in military-	Exchange and study

			industrial complex machinery, national defense communications, aerospace and military ships, as well as civil automobile manufacturing, machinery processing, communication appliances and other industries.	
25	<b>Hefei Shunchang Distributed Energy Resource Synthesis Application Technology Co., Ltd.</b>	Energy saving	The company is specialized in energy technology research and development, design, manufacture and service. Shunchang owns Hefei Shunchang Distributed Energy Technology Co., Ltd., Hefei Shunchang Energy Saving Technology Service Co., Ltd., Hefei Shunchang Water Supply and Saving Technology Service Co., Ltd., Hefei Shunchang Accommodation Equipment Energy Saving Co., Ltd., Hefei Shunchang Electromagnetic Intelligent Technology Co., Ltd., Hefei Shunchang Surplus Heat Utilization Technology Co., Ltd. Shunchang is committed to energy saving and environmental protection. It provides service ranging from technical support to project design, installation and construction, systematic training and equipment maintenance.	To inspect and study distributed energy resource equipment
26	<b>Anhui Tiankang Co., Ltd.</b>	Instruments and meters, electric Wires & cables and optical fiber and cables production	The company mainly develops, produces and sells instruments and meters, electric wires & cables and optical fiber and cables. Products of instruments and meters include thermal resistance, thermocouples, bimetal thermometer, temperature transmitter, pressure gauge, pressure transmitter, flow instrument, level gauge, etc. Products in electric wires & cables include power cable, control cable, computer cable, crosslinked cable, compensating cable, instrument signal cable, etc. And various kinds of communications optical cable products.	To expand market and seek cooperation

27	<b>China Machinery Industry Fifth Construction Corp Inc</b>	Mechanical engineering and operation	SINOCONST 5 has mechanical and electrical equipment engineering construction general contracting qualification Grade-A; steel structure projects professional contracting qualification Grade-A; electronic and intelligent engineering professional contracting qualification Class-two; fire control facilities project specialized contraction qualification Class-two; petrol chemical engineering general contracting Class-three qualification; Building engineering construction general contracting grade- three and overseas project qualification is also available. While serving Mechanical Operation Field, SINOCONST5 also provide service in the fields of petrochemical industry, mining, light industry, building material, electricity, transportation, food, wine-making, tourism business, environment protection, urban construction, scientific research and civil building etc.	Exchange and study
